

Do you enjoy challenging project work?  
Are you looking for experience in a company?

- GFI Umwelt - the Society for Infrastructure and Environment has been a solid partner in strategic environmental advice and support for commissions and institutions for over 40 years.

We have distinctive skills in resource protection and the circular economy. The reliability of services of general interest and the security of technical systems and facilities are important to us. We want to contribute to leaving a world worth living in for future generations. We are looking for a

### **Working student**

to support our Team, from the fields of environmental sciences, agricultural sciences, civil engineering, mechanical engineering, geography, biology or comparable courses. With us, your personality counts - regardless of gender and origin. We particularly look forward to applications from female students. We are also open to part-time work and working from home.

#### *Your tasks*

- Preparing research on topics of the international environmental economy
- Bringing together ideas, knowledge and experience to create a project concept
- Active participation in the project work
- Support for the coordination of projects
- Contribution to reports and publications
- Preparation of training materials, maybe even teaching or coordinating a workshop

#### *Your profile*

- You are a student and looking for experience
- You specialize in another field of study but want to learn about project organization and reaching the target groups
- You are enrolled at a university or a higher education degree program in Germany
- You have a keen interest in environmental issues and sustainability
- You enjoy working with people
- You have good written and spoken communication skills
- Preferably you speak good English, German or French or two of those languages
- You are proficient in MS Office, in particular Microsoft Word, Excel and PowerPoint
- You are enthusiastic about an international working environment; you are energetic, careful and open-minded

#### *Your perspective at GFI Environment*

GFI Environment offers you interesting and varied tasks as the ideal basis for your pending career entry. You have the chance to become part of our large network, including companies, administration and scientific institutions and meet experienced experts and young professionals. Perhaps you will become part of the GFI environment in the long term?

Did we manage to interest you? Then please send us your application with all relevant documents.
